

# Enter CONCRETE CONSTRUCTION's Third Annual Decorative Concrete Project of the Year

Decorative concrete is becoming more important in the competitive world of concrete construction. To recognize the concrete community's innovative contributions to decorative concrete, CONCRETE CONSTRUCTION will award the **Third Annual Decorative Concrete Project of the Year**.

Take a few minutes to enter your decorative concrete projects within the categories listed below. For full entry instructions, go to [www.concreteconstruction.net](http://www.concreteconstruction.net).

## **ELIGIBILITY**

This contest is focused on projects that show a concrete contractor's specific involvement in promoting decorative concrete.

1. A project must use a significant amount of decorative concrete.
2. Project must be completed between Nov. 2007 and August 2008.
3. Project can be located anywhere in the world.

## **RECOGNITION OF WINNERS**

Winners will be recognized in a special article in CONCRETE CONSTRUCTION's 2008 Annual Decorative Issue and all entries will be recognized on our Web site.
